

## Business & VC Trolley

### **062.2865** Business & VC trolley statisch, max 2x 65 inch max. 100 kg

Besides our standard trolleys with and without height adjustment, used mostly in education, we have made available a range movable solutions for the use of (touch-)flat panels and VideoConference in the business market. These trolleys have a luxurious look and feel and offer the space to easily place your peripheral equipment out of sight in the enclosure. Available are several accessories to build-in such equipment and for a VideoConference camera or a soundbar are easy to mount adapters available.

**De 062.2865** is a solution on wheels and offers a fixed highest position for two monitors of maximum 65 inch with a maximum weight of 100 kg (together). The monitors centre can be freely determined from 1250 - 1500 mm from the floor; making the trolley ideal for use in meeting rooms and (compact) boardrooms. In case a higher position of the monitor is preferred, one could opt for the 062.2875 or one of the other electrical in height adjustable trolleys. Of course the SmartMetals team is there to help with advise and making the proper choice for your installations.

Business & VC Trolley
